

**March 2019**

**CIB Co-Sponsored Conference Call for Full Paper Submission**  
**SBE 2019 Thessaloniki, Greece**  
**Sustainability in the Built Environment for Climate Change Mitigation**

It is our great pleasure to invite you to participate in our SBE19 - Thessaloniki international conference on the Sustainability in the Built Environment for Climate Change Mitigation, which will be held in Thessaloniki, Greece from 23 to 25 October 2019.

SBE19 Thessaloniki, a peer-reviewed conference with focus on different aspects of sustainability in the built environment, is organized by the Laboratory of Building Construction and Building Physics of the Civil Engineering Department, A.U.Th., within the framework of the SBE series.

In this context, SBE19 - Thessaloniki aims to address a large palette of issues concerning sustainability and consider their interrelation with regard to climate change.

The conference topics include, but are not limited to, the following:

- Climate change: status, adaptation and mitigation strategies.
- Energy and environmental performance of buildings and built environment.
- Zero energy – emissions – lifecycle emissions buildings.
- Renewable energy in the built environment.
- Renovation and upgrading of buildings and urban areas.
- Environmental performance assessment of buildings and built environment: methods, tools and certification schemes.
- Policies, regulations and standards.
- Economic and social issues.
- Education.
- Building Physics.

Until today more than **200 abstracts** have been submitted for review and scientists from all over the world (around 50 countries) have expressed their interest to participate in the conference.

Furthermore, distinguished academic experts have accepted the invitation for keynote lectures. Don't miss the inspiring talks of:

**Dr. Costas Balaras**  
**Prof. Sandro Nižetić**  
**Prof. Ronald Rovers**  
**Prof. Mat Santamouris**

and other well respected peers in this field.

**Important dates**

Full paper Submission **April 15, 2019**

After peer review the papers will be published in IOP Conference Series: Earth and Environmental Science - indexed in Scopus-. Also, selected papers will be under consideration for publication in a special issue of the International Journal of Energy Research (IF: 3.009).

**Information**

More information can be found at the conference's website: <http://sbe19-thessaloniki.gr/>
